

# Versatility of Lamons Kampro® Technology

Since the development of the kamprofile gasket over 50yrs ago, Lamons has continuously developed new uses for the technology as a sealing element in various industrial components. From standard piping gaskets to very application-specific and tailored solutions, the Kampro® continues to be very versatile in providing solutions.

Please join our webinar to learn more about the various developments that can help you to solve unique problems with Kampro® sealing technology.

- Standard Pipe Gaskets
- Non-Standard Equipment Gaskets
- Ring Type Joint Adapter Gaskets
- Kampro® Spacer
- Dual Seal Kampro®
- Kampro® Wedge
- Kampro® Orifice & Paddle Blind

You are invited to a Zoom webinar

When: : Mar 25, 2021 01:00 PM Central Time (US and Canada)

Topic: The versatility of Kampro gaskets
